"LET US SERVICE YOUR BUSINESS FOR FREE"

## DW & Associates

Fully serviced & stocked by our company at ZERO cost to you !

### To Whom It May Concern:

We understand that the average millennium usually operates life "on the go". With DW & Associates we want to offer quality but yet the most sought after snacks at reasonable price.

We hope to replenish and help civilians navigate throughout the work day by offering their favorite snacks and drinks.

Understanding the importance of having food throughout the day within a time crunch is essential to our continued acts of service. This goes for employees who need a quick snack for their break and customers whom may endure long wait times.

With that we understand that what we put into our body is the fuel used for daily energy. We are open to accommodating those who prefer healthier snacks and drinks. If you do have recommendations, please refer to the email provided and we'll be sure to consider your request in our future restocks.
